## MITCHELL & DeSIMONE

### Trial Specialists

PAUL E. MITCHELL AND JOHN C. DeSIMONE FOUNDED their firm in 1993 and specialize in the trial of civil cases. Together, they have tried hundreds of jury trials in state and federal courts. For each consecutive year since the honor's inception, their peers have named them both to the *Super Lawyers*® list. The firm is proud to recognize John B. DiSciuolo, who has been named to the *Massachusetts Rising Stars* list. They are considered to be among the best in their profession.

**PRACTICE AREAS** Mitchell & DeSimone represents both plaintiffs and defendants in a variety of civil litigation matters. The firm defends manufacturers and companies in products liability, environmental and asbestos litigation, construction, premises and other general liability matters. Mitchell & DeSimone also represents plaintiffs in catastrophic personal injury matters upon referral from other attorneys, achieving some of the most notable and outstanding results in Massachusetts in recent years. The firm is a founding member of the National Alliance of Subrogation Counsel (NASC), and has developed an active and highly successful subrogation practice that handles multimillion-dollar losses throughout the United States.

**A STRONG RECORD IN COURT** In the last 16 years, Mitchell & DeSimone has obtained numerous multimillion-dollar recoveries that include eight-figure settlements and verdicts for its clients in catastrophic injury cases. Their success is attributed to solid and thorough pre-trial preparation and the ability to skillfully try cases to verdict. Both Mitchell and DeSimone are members of the International Brain Injury Association, the North American Brain Injury Society, and they each have developed specialized expertise in the pre-trial development and trial of traumatic brain injury cases. Both Mitchell and DeSimone are recognized as "Pre-Eminent Lawyers" by the Martindale-Hubbell® Law Directory, which has also rated the firm "AV," the highest possible rating for legal ability and ethical standards.
